"I felt as if the world was against me and was led to believe no one would help me. I called the Dawn Center Hotline late one night and that conversation changed my life. A world of support is now available to me to start getting myself safe." - Hotline caller

"I just wanted to reach out and tell you how seriously grateful I am for your help the past year. I truly don't think I would have made it through without the advocates standing beside me. I hope all is well, and just know you made such a huge impact in my life. For that, I'm forever grateful." - Survivor

"Growing up in a house where domestic violence was prevalent, I never thought I would also be in that type of a relationship. My children have been effected drastically by seeing this type of violence. I am happy to know that Dawn Center is available to help them thru this transition." - Survivor

"After my sexual assault I had a hard time trusting anyone. I isolated myself from the world and held all of my negative feelings inside. Being able to meet with an advocate regularly I was able to love myself again." - Survivor
